

Alex Foo

APAC Solution Architecture & Cloud Platform Leadership

Mobile: +65-9022-4775 | Email: alexfoo@outlook.sg | Nationality: Singaporean

EXECUTIVE PROFILE

APAC pre-sales and technology leader with 25+ years of experience driving cloud platform adoption, modern application architectures, and enterprise transformation across hyperscaler ecosystems.

Proven track record leading regional solution architecture and customer engineering organizations, shaping multi-million-dollar pipelines, and driving revenue through technical GTM strategy and partner ecosystems. Strong commercial acumen with deep experience influencing C-level stakeholders and converting complex technical capabilities into measurable business outcomes.

Expertise in cloud-native platforms, hybrid cloud architectures, and AI-driven modernization, with a focus on scalable platform adoption, partner-led growth, and enterprise-wide transformation.

CORE CAPABILITIES

- APAC Solution Architecture & Pre-Sales Leadership
- Technical GTM Strategy & Pipeline Development
- Cloud-Native Platforms & Application Modernization
- Hybrid & Multi-Cloud Architecture (AWS, GCP, Azure)
- Partner Ecosystem & Co-Sell Strategy
- Executive Engagement & Deal Shaping
- AI & Data Platform Adoption
- Organizational Build-Out & Leadership Development

CLOUD-NATIVE & PLATFORM EXPERTISE

- APAC Solution Architecture & Pre-Sales Leadership
- Technical GTM Strategy & Pipeline Development
- Cloud-Native Platforms & Application Modernization
- Hybrid & Multi-Cloud Architecture (AWS, GCP, Azure)
- Partner Ecosystem & Co-Sell Strategy
- Executive Engagement & Deal Shaping
- AI & Data Platform Adoption
- Organizational Build-Out & Leadership Development

PROFESSIONAL EXPERIENCE

Kyndryl Holdings, Inc

Associate Director – Technical Solutioning | Sep 2025 – Present

- Lead pre-sales solution strategy for enterprise pursuits exceeding USD 10M, shaping architecture, value propositions, and win strategies across cloud, AI, data, and security domains
- Drive pipeline creation and deal conversion through technical engagement, executive alignment, and differentiated solution positioning
- Architect cloud-native and AI-driven platform solutions aligned to enterprise modernization and business outcomes
- Facilitate C-level workshops, translating hybrid cloud and AI strategies into ROI, consumption growth, and operational resilience
- Collaborate across sales, alliances, and delivery to ensure scalable and production-ready platform adoption
- Certified Forward Deployed Engineer (Kyndryl Agentic AI Framework)
- Microsoft Azure AI Solutions Certified

Cloudflare Inc

Head of Partner Solutions Engineering, APJC | 2023 – Oct 2024

- Built and led APJC Partner Solutions Engineering organization from inception, scaling team capacity and establishing a high-performance technical culture
- Defined and executed **regional partner solution architecture strategy aligned to GTM priorities and revenue targets**

- Drove **20% YoY regional revenue growth**, with partners contributing over 50% of total APJC revenue
 - Increased partner-led opportunities by **597%** through structured technical engagement models
 - Led executive engagements and solution strategy for **cloud-native, security, and data platform adoption**
 - Delivered architecture workshops and proof-of-value programs accelerating enterprise platform adoption
 - Mentored regional leaders and senior architects, building next-generation technical leadership bench
-

Amazon Web Services (AWS)

Portfolio Manager, APJ | 2021 – 2023

- Established APJ portfolio management function for **cloud and platform-based solutions**, driving adoption against USD 120M bookings target
 - Standardized **repeatable cloud-native and AI platform offerings**, increasing services adoption from 25% to 50% within two quarters
 - Partnered with sales and solution architecture teams to align platform solutions with measurable business value
 - Incubated enterprise solutions including **AI-driven platforms, digital identity, and contact center modernization**
 - Improved consultant productivity and solution scalability through reusable assets and GTM alignment
-

Cisco Systems

Head of Services Solutions, ASEAN | 2017 – 2021

- Led regional pre-sales and solution architecture for cloud, automation, AI ops, and security solutions
 - Grew bookings from USD 18M to USD 30M (60% growth) through **pipeline development and deal shaping**
 - Improved funnel conversion rates to **>70%** for strategic enterprise deals
 - Served as trusted advisor to C-level stakeholders on **hybrid cloud and platform transformation strategies**
 - Launched outcome-based cloud and AI solution programs across ASEAN markets
-

Cisco Systems

Data Center & Cloud Practice Lead / Solutions Architect, APJC | 2012 – 2017

- Led hybrid cloud and platform architecture initiatives supporting **USD 50M+ pipeline**
 - Built and scaled a **45+ member regional architecture and delivery organization**
 - Delivered early cloud and platform deployments influencing global solution strategies
 - Enabled enterprise adoption of software-defined infrastructure and cloud-native architectures
-

Earlier Career Experience

HP | Neptune Orient Lines (NOL) | Technology Start-up | 2001 – 2011

- Held senior architecture and leadership roles delivering large-scale infrastructure and transformation programs
 - Led multi-million-dollar enterprise modernization initiatives across global environments
 - Built early cloud and managed services capabilities supporting enterprise-scale operations
-

AI & DATA PLATFORM EXPERIENCE

- Designed enterprise-ready RAG architectures with secure data pipelines and governance
 - Built and evaluated NLP and predictive ML solutions aligned to MLOps practices
 - Developed GenAI solutions with focus on scalability, governance, and responsible AI
 - Hands-on experience with cloud-native data platforms across AWS and Google Cloud
-

CERTIFICATIONS & CONTINUOUS LEARNING

- NTU Advanced Professional Certification in Data Science & Artificial Intelligence
- DeepLearning.AI: GenAI, Multimodal LLMs, Agent Protocols, AI Python Coding
- Forward Deployed Engineer Certification for Kyndryl Agentic AI Framework
- Develop AI Solutions in Azure certification
- AWS Certified AI Practitioner (In Progress)
- Azure AI Engineer Associate (In Progress)
- TOGAF | PMP | ITIL | AgilePM
- AWS Certified Solutions Architect – Associate
- AWS Certified Cloud Practitioner

- Google Cloud Platform Foundations & Core Infrastructure
-

EDUCATION

- **Bachelor of Information Technology**
Queensland University of Technology
-

HONOURS & RECOGNITION

- NTU Advanced Professional Certificate for Data Science and AI Excellence Awards -Colloration Catalyst and Curious
- NTU Advanced Professional Certificate for Data Science and AI Excellence Awards - Self-directed Learner
- Cisco Leadership Pipeline Program – Top 5%
- Cisco Innovation & Customer Focus Awards
- Guest Speaker, IDC ASEAN
